

## Product: Balanced NPK (12-5-14 Liquid)

### Technical Analysis:

Nitrogen(N)	As Urea	12%
Phosphorous(P)		5%
Potassium(K)		14%
Sulphur(S)		0.05%
Carbon(C)		1.8%
Calcium(Ca)	As Oxide	0.02%
Magnesium(Mg)	As Oxide	0.015%
Iron(Fe)		0.0015%
Fulvic Acid		3%
Seaweed Polysaccharides		0.5%
Organic matter		3%

All element compositions are represented in w/v.

**Physical Characteristics:** Liquid, specific gravity 1.30-1.35, PH 8-9

Seawin's products are manufactured under **ISO9001 Quality Management Systems and ISO14001 Environmental Management Systems**, and the chemical analysis are done by accredited Australian Laboratories. This product contains natural ingredients, hence the concentration of individual components may vary from batch to batch.
